Updated: October 2026

CURRICULUM VITAE

Eli D. Halbreich, M.A.

APPIC Match Code: 11351

Eli.Halbreich@ttu.edu | https://halbreich.net/

Department of Psychological Sciences, Box 42051, Lubbock, TX 79409-2051

Education

2022–Present **Doctor of Philosophy, Clinical Psychology (Expected August 2028)**
Texas Tech University (American Psychological Association [APA] Accredited), Lubbock, TX
- Advisor: Jason Van Allen, Ph.D.
- Dissertation (Proposed Spring 2026): A*n examination of the bond between youth and companion animals*.
- Qualifying Examination (2025): *Animal-assisted services (AAS) in pediatric hospital settings.*
- GPA: 4.0

2023–2025 **Graduate Certificate, Psychological Methods and Analysis**
Texas Tech University (APA Accredited), Lubbock, TX

2022–2024 **Master of Arts, Clinical Psychology**
Texas Tech University (APA Accredited), Lubbock, TX
- Advisor: Jason Van Allen, Ph.D.
- Master's Thesis: *Pet ownership and family involvement in sports and other activities*. https://hdl.handle.net/2346/99242
- GPA: 4.0

2019–2022 **Bachelor of Arts, Psychology, *summa cum laude*, Highest Thesis Honors**
Tufts University, Medford, MA
- Advisor: Alexander Queen, Ph.D.
- Honors Thesis: *Perceived attitudes of pet owners about their pets during the COVID-19 pandemic*. https://dl.tufts.edu/concern/pdfs/6q183150s
- GPA: 4.0

2017–2019 **Psychology Major**
Los Angeles City College, Los Angeles, CA
- GPA: 4.0

Grants and Fellowships

2026–2027 **Doctoral Dissertation Completion Fellowship**
Texas Tech University Graduate School
Amount: $17,500

2023 **APA of Graduate Students (APAGS)/Psi Chi Junior Scientist Fellowship**
American Psychological Association of Graduate Students & Psi Chi
Amount: $1,000

2022–2026 **Helen DeVitt Jones Fellowship**
Texas Tech University Department of Psychological Sciences
Amount: $16,000

Honors and Awards

2026–2027	**Anderson Psychology Scholarship** Texas Tech University Department of Psychological Sciences Amount: $1,000
2025	**Society of Pediatric Psychology Annual Conference Travel Award** Society of Pediatric Psychology, Division 54 of the American Psychological Association Amount: $500
2021	**Priscilla N. Dunne Prize** Tufts University Department of Psychology Amount: $1,000
2021	**Tufts Initiative for Human-Animal Interaction Student Scholar** Tufts Initiative for Human-Animal Interaction Amount: $500
2019–2022	**Dean's List (all full-time semesters)** Tufts University
2019	**President's Honors** Los Angeles City College
2018–2019	**Full-Time Dean's Honor List (all full-time semesters)** Los Angeles City College

Clinical Experience

Sep. 2024–May 2025; Jun. 2026–Present

UMC Health System, Pediatrics

Practicum Student | Individual Therapist

- Supervisor: Jason Van Allen, Ph.D.
- Population: Pediatric patients ranging from infants to emerging adults.
- Provide a variety of evidence-based psychological services to individual patients and their families within the pediatric intensive care unit (PICU), general pediatrics unit, neonatal intensive care unit (NICU), burn unit, and others.
- Administer and interpret brief assessments of psychosocial functioning related to anxiety, depression, pain, and acute stress symptoms.
- Collaborate within multidisciplinary teams, communicating with physicians, nurses, and other health service professionals to address concerns related to suicide risk, coping, and referral.
- Attend weekly care conference meetings, providing concise behavioral health information to multidisciplinary team members.

Jul. 2025–Jun. 2026

Texas Tech University Health Sciences Center, Department of Psychiatry

Practicum Student | Individual Therapist

- Supervisors: Gabriela Lelakowska, Ph.D., James E. Barnett, Ph.D., Emily Pali, Ph.D.
- Population: Outpatient school-aged children and adolescents.
- Provided evidence-based and measurement-based individual psychotherapy for youth and guardians with a range of presenting problems in an outpatient setting.

- Provided individual therapy for youth with internalizing disorders as part of the Texas Child Health Access Through Telemedicine (TCHATT) program.
- Utilized treatment protocols, including *Trichotillomania: An ACT-enhanced behavior therapy approach*, *Unified protocol for transdiagnostic treatment of emotional disorders in children and adolescents*, *Coping Cat*, and *C.A.T. Project*.
- Conducted neurological and psychological assessments for youth and integrated these assessments into comprehensive psychological evaluations for neurodevelopmental concerns such as autism spectrum disorder and attention-deficit/hyperactivity disorder.
- Received live supervision and integrated any feedback into sessions.

Jun. 2025–
Jun. 2026

The University of Kansas Medical Center, iAmHealthy Project
Graduate Student | Individual Health Coach & Group Intervention Co-Leader

- Supervisors: Ann. M. Davis, Ph.D., M.P.H., A.B.P.P, Lindsey Vaughn, M.S., R.D., L.D., Annie Chuning, M.A.
- Population: School-aged children participating in a healthy lifestyle intervention study.
- Provided health-related group and individual telehealth services as part of an R01-funded multi-site pediatric obesity behavioral intervention tailored to rural youth.

Jun. 2025–
May 2026

University Medical Center (UMC) TLC^2 Foundation Cancer Center
Practicum Student | Individual Therapist

- Supervisor: Evan Guidry, Ph.D.
- Population: Adult and older adult hematology and oncology patients.
- Provided brief behavioral health interventions and short-term psychological services to patients of doctors specializing in hematology and oncology.
- Worked as part of a fast-paced, integrated care setting, coordinating care between patients' care teams.
- Provided evidence-based services to patients endorsing subjective distress, emotional disorders, and desire for smoking cessation.
- Engaged a wide range of patients in care using Motivational Interviewing, Acceptance and Commitment Therapy, and Cognitive-Behavioral Therapy principles.
- Attended and contributed to tumor board reviews across different interdisciplinary treatment teams and presentations.

Therapy:
Aug. 2023–
Jun. 2025;
Standalone assessments:
Jan. 2025–
Present

Texas Tech University, Texas Tech University Psychology Clinic
Practicum Student | Individual Child and Adult Therapist and Evaluator

- Supervisors: Andrew K. Littlefield, Ph.D., Sarah E. Victor, Ph.D., John L. Cooley, Ph.D., Jason Van Allen, Ph.D., Adam T. Schmidt, Ph.D., Jonathan Singer, Ph.D., Caroline Cummings, Ph.D.
- Population: Pre-school aged children, school-aged children, adolescents, adults, and older adults.
- Provided long-term, individual psychotherapy for anxiety disorders (e.g., generalized anxiety disorder, social anxiety disorder), mood disorders (e.g., major depressive disorder, persistent depressive disorder), chronic pain,

attention-deficit/hyperactivity disorder, oppositional defiant disorder, and prolonged grief disorder.
- Received didactic training in evidence-based treatment protocols and principles, including *Defiant children* and *Trauma-focused cognitive behavioral therapy*.
- Implemented evidence-based treatments and theoretically informed case conceptualization built on Parent Management Training, Cognitive Behavioral Therapy, Acceptance and Commitment Therapy, Behavioral Activation, and Motivational Interviewing.
- Utilized treatment protocols, including the *Unified protocol for transdiagnostic treatment of emotional disorders*, *ACT made simple*, *Managing chronic pain: A cognitive-behavioral therapy approach*, and *Cognitive behavioral therapy for insomnia in veterans*.
- Provided long-term individual and parent-based therapy for children utilizing treatment protocols, including *Defiant children*, *A clinical guide to pediatric sleep*, and *Multidimensional grief therapy*.
- Designed visual aids, client worksheets, and homework documents for clients, consistent with evidence-based treatment protocols.
- Assessed for suicide and self-harm risk, created safety plans, monitored risk throughout treatment, assessed for and reported abuse and neglect to the appropriate safety organizations, and communicated safety-related concerns to parents and caregivers of children.
- Advocated for clients in additional contexts, including medical settings and places of education.
- Conducted psychodiagnostic evaluations (including structured and semi-structured interviews) and assessments (including autism spectrum disorder, attention-deficit/hyperactivity disorder, learning disorder, intelligence testing, and general psychological evaluations).
- Provided feedback from evaluations to clients utilizing evidence-based techniques.
- Produced comprehensive psychological evaluations (including personality measures, intellectual tests, cognitive tests, and neuropsychological tests), psychodiagnostic reports, and treatment progress reports, including intake reports, treatment plans, and termination summaries.

Mar. 2024–
Aug. 2025 **Equine-Assisted Positively Fit**
Graduate Student | Individual Therapist
- Supervisor: Jason Van Allen, Ph.D.
- Population: School-aged children and adolescents participating in a healthy lifestyle intervention study.
- Provided a family-focused, weight management intervention to youth and their families.

Apr. 2025–
Apr. 2026 **Texas Tech University Health Sciences Center, Garrison Institute on Aging, TX Cares Program**
Practicum Student | Individual Therapist
- Supervisor: Jonathan Singer
- Population: Older adults.

- Provided individual (telehealth and in-person) psychotherapy to care partners of persons with Alzheimer's Disease or Alzheimer's Disease-Related Dementias (AD/ADRD).
- Received didactic training in Mindfulness-Based Cognitive Therapy and Behavioral Activation.
- Conducted comprehensive psychodiagnostic evaluations using a battery of neuropsychological and personality assessments as well as structured clinical interviews.

Jan. 2023–May 2023 **Texas Tech University, Texas Tech University Psychology Clinic**
Clinic Co-Director

- Supervisor: Megan A. Thoen, Ph.D.
- Conducted first-contact intake screenings of incoming clients, including assessment and documentation of risk, history, and presenting concerns.

INSAR 2022 Annual Meeting, Austin, TX, United States.

Research Experience

Aug. 2022–Present **Examining Nutrition, Exercise, and Rest in Growing Youth (ENERGY) Lab**
Research Assistant

- Supervisor: Jason Van Allen, Ph.D.
- Write, edit, and conduct statistical analyses for peer-reviewed manuscripts, utilizing structural equation modeling and approaches to categorical data analysis.
- Propose and manage new research projects.
- Write and conceptualize grant applications for relevant funding opportunities.
- Analyze data across different statistical platforms (e.g., R, Mplus, SAS).
- Analyze and prepare actigraphy data using ActiLife software.
- Work collaboratively on federally funded research projects related to examining the impact of pet dogs on youth health outcomes, implementing an equine-assisted family-based obesity intervention for rural youth, and examining the factors that help, or harm, the health of children who are blind or visually impaired.
- Directly mentor and supervise undergraduate research assistants on graduate school applications, conference submissions, and professional development.
- Conduct research data collection, including self-report, interview, actigraphy, and bioelectrical impedance analysis.
- Supervise undergraduate research assistants with lab-related tasks, such as directing data entry and verification procedures.
- Assist with administrative tasks, such as scheduling lab meetings, creating and maintaining REDCap surveys and databases, and organizing research assistant schedules.

Aug. 2021–May 2022 **Children's Television Project**
Research Coordinator

- Supervisor: Calvin Gidney, Ph.D.
- Supervised coders and research assistants working on a longitudinal research project related to documenting themes and representation in children's television shows.
- Worked with PIs to implement and improve upon long-term project goals
- Organized and managed current and historical data.
- Assigned and tracked generation of character sheets, coding, cleaning, and collapsing.

- Generated and managed coder information surveys, training surveys, and coding instrument responses.
- Responded to student inquiries in a timely manner.
- Assisted in organizing structure of weekly class meetings as well as semester-long schedule.

May 2021–Aug. 2022 **Tufts Pets and Well-Being Lab**
Research Assistant

- Supervisor: Megan K. Mueller, Ph.D.
- Worked closely with the research team on funded research projects related to the relationship between youth and their pets, including the impact of dogs on youth with social anxiety.
- Assisted with participant recruitment, consent, protocol training, data collection, debriefing, and tracking.
- Drafted manuscripts and grant proposals.
- Conducted systematic literature reviews and analyses.
- Handled data entry, analysis, and other administrative tasks.

Aug. 2019–Aug. 2022 **Tufts Initiative for Human-Animal Interaction**
Research Assistant

- Supervisor: Deborah Linder, D.V.M., M.S., D.A.C.V.N.
- Drafted manuscripts.
- Conducted qualitative interviews with participants.
- Provided general administrative assistance on a number of funded research projects, including a stakeholder-driven intervention involving pet dogs in applied behavior analysis in-home sessions for youth with autism spectrum disorder.
- Worked with the Tufts IRB to help ensure that all aspects of the research studies were in compliance with the applicable regulations and institutional guidelines prior to IRB approval.
- Facilitated feedback on key documents and managing a collaborative workspace with stakeholders.
- Oversaw projects through varying phases of development.
- Prepared, drafted, and finalized stakeholder and research group meeting agendas and minutes.
- Drafted and finalized site and study documents.

Statistical Training

2025 **Psychometrics and Item Response Theory**
Instructor: Andrew K. Littlefield, Ph.D.

2024 **Categorical Data Analysis**
Instructor: Andrew K. Littlefield, Ph.D.

2023 **Structural Equation Modeling for Psychologists**
Instructor: Andrew K. Littlefield, Ph.D.

2023 **Advanced Correlational Methods and Factor Analysis**
Instructor: Nicholas C. Borgogna, Ph.D.

2022 **Experimental Design**
Instructor: Martina I. Klein, Ph.D.

Teaching Experience

Teaching

Fall 2025 **Teaching Assistant, PSY 5404: Practicum in Intelligence Testing (Graduate Course)**
Texas Tech University, Department of Psychological Sciences
- Course Instructor: Adam T. Schmidt, Ph.D.
- Average Student Rating: 4.25/5.0

Fall 2025 **Guest Lecturer, RRP 1100: First Year Student Seminar**
Texas Tech University, RaiderReady Program
- Course Instructor: Margaret L. Durham, Ed.D.

Spring 2025 **Guest Lecturer, HLTH 2307: Understanding Death and Dying**
Texas Tech University, Department of Kinesiology & Sport Management
- Course Instructor: Elizabeth Hoelscher, M.A.

Fall 2024 **Guest Lecturer, INCH Lab: Behavioral Interventions for Overweight and Obesity**
Texas Tech University, Department of Nutritional Sciences
- Principal Investigator: Marleigh Hefner, Ph.D.

Fall 2024 **Guest Lecturer, PSY 1300: General Psychology**
Texas Tech University, Department of Psychological Sciences
- Course Instructor: Carol Fadalla

Fall 2024 **Guest Lecturer, PSY 1300: General Psychology**
Texas Tech University, Department of Psychological Sciences
- Course Instructor: Brelynne Baldwin, M.A.

Fall 2022 **Teaching Assistant, PSY 2400: Statistical Methods Lab**
Texas Tech University, Department of Psychological Sciences
- Course Instructor: Will Crescioni, Ph.D.
- Average Student Rating: 4.5/5.0

Fall 2020 **Teaching Assistant, CSHD 0159: Understanding Child Development Through Film**
Tufts University, Eliot-Pearson Department of Child Study and Human Development
- Course Instructor: Calvin Gidney, Ph.D.

Fall 2020 **Teaching Assistant, CH 0099: Special Topics In Community Health, One Health**
Tufts University, Department of Community Health
- Course Instructor: Deborah Linder, DVM, MS, DACVN

Editorial and Reviewing Experience

Web of Science Profile

***Ad hoc* Manuscript Reviewer**
- Anthrozoös; Human-Animal Interactions; Acta Psychologica; Journal of Experimental Child Psychology, BMC Psychology

Fellowship Reviewer
- APAGS/Psi Chi Junior Scientist Fellowship (2024)

Conference Reviewer
- American Psychological Association, Division 54, Poster and Sessions (2025, 2026)

Professional Service and Mentoring

Service

2025–Present	**Clinical Psychology Student Representative** TTU, Department of Psychological Sciences, Clinical Psychology
2024–2026	**Society of Clinical Child and Adolescent Psychology (SCCAP) Mentor** SCCAP, Division 53
2022–2023	**Inclusion, Diversity, Equity, and Access (IDEA) Committee Member** APA, Division 17, Section 13: The Section on Human-Animal Interaction: Research and Practice
2022–2023	**Student Representative** APA, Division 17, Section 13: The Section on Human-Animal Interaction: Research and Practice
2021–2023	**APA Campus Ambassador** APA

Mentoring

2022–Present	Ellis Renwick-Archibold, Brooke Streicher, Sara Phy, Abigail Woodall, Macie Le, Amanda Tabansi, Cyerra Jones, Madeleine Valley, Fanny Arendt, Dan Garcia, Hyla Riley

Skills

- **Programming Languages:** R, Markdown, LaTeX
- **Statistical Software:** Posit products (i.e., RStudio IDE, Quarto, tidyverse, ggplot2), MPlus, SAS, SPSS, MATLAB
- **Database & Survey Systems:** REDCap, Qualtrics
- **Research Skills:** Categorical data analysis, item response theory, psychometrics, structural equation modeling, general linear model applications
- **Languages:** English (Native); German (Intermediate High; ACTFL); Spanish (Novice Mid; ACTFL)

Professional Society Affiliations

- APA, Division 54: Society of Pediatric Psychology
    - Sports Medicine and Orthopedics special interest group (SIG)
    - Obesity SIG
    - Sleep SIG
    - Pain SIG
    - Diversity SIG
- Psi Chi, The International Honor Society in Psychology
- APA, Division 53: Society of Clinical Child and Adolescent Psychology
    - Exposure-Based Interventions and Treatments (EXIT) SIG
- APA, Division 17, Section 13: The Section on Human-Animal Interaction: Research and Practice
- Human Animal Bond Association

Clinical and Professional Trainings and Certifications

Clinical Certifications

Dec. 2025 **International OCD Foundation:** OCD Basics (Certificate of Completion)
- Modality: Asynchronous (2 hours)

May 2025 **Sunfield Institute**: Supporting Parents in Coping with Diagnoses: Feedback and Beyond (Certificate of Completion)
- Modality: Asynchronous (1 hour)

May 2025 **Sunfield Institute:** Autism Diagnostic Observation Schedule, Second Edition (ADOS-2), Modules 1–4 and Toddler Module (Certificate of Completion)
- Modality: Live (20.25 hours)

Nov. 2023 **The Hackett Center for Mental Health:** Multidimensional Grief Therapy (MGT) Overview Training (Certificate of Completion)
- Modality: Asynchronous (1 hour)

Sep. 2023 **MoCA Cognitive Assessment:** Certified Rater (Certificate of Completion)
- Modality: Asynchronous (1 hour)

Clinical Trainings

Jul. 2024 **Megan Renna, Ph.D.**: Dialectical Behavior Therapy (DBT) Seminar
- Modality: Live (1.5 hours)

May 2024 **Compass Mental Health Training & Consultation**: Virtual BPD COMPASS Introductory Workshop
- Modality: Live (3 hours)

Sep. 2023–Aug. 2024 **Texas Tech University**: Trauma and Grief Component Therapy Didactic Training
